S
Tarikere is a major Municipality with an income of over Rs 30,000/- As per Government Order No L 8891-8902/M1 199-35-5 dated 20th May 1936, this Municipality should maintain a Senior Health Inspector on its staff From the letter of the Deputy Commissioner, Chickmagalur District, it is seen that he recommends that, as a First Grade Chief Officer has been appointed to the Municipality, they may be given the option to appoint a junior Health Inspector I cannot agree with the suggestion of the Deputy Commissioner One of the major functions of the Municipality is to maintain and promote health and sanitation of the town and the object of posting a senior health Inspector to a major Municipality is because the responsibilities there are more than in the minor Municipalities

Further, in this connection, reference is invited to this office no C 12 4 2302 dated 24 4 48 in respect of Kolar Gold Field Sanitary Board stating that if local bodies are permitted to employ only Junior Health Inspectors in place of seniors it will not be possible administratively to find places for senior officials and to keep up the ratio of the senior and junior Health Inspectors in the proportion of 1 as already sanctioned by Government It is also with this object in view, that Government have sanctioned the appointment of a senior Health Inspector for major town Municipalities with an income of over 10,000 per annum

If an exception is made in this case, it is almost certain other local bodies will also ask for junior men in place of senior officers in order to reduce the expenditure

As per the Public Health Act, the Municipalities are expected to spend a certain percentage of their revenues on the improvement of Health and Sanitation and if this is insisted on, it will not be difficult to meet the expenditure on this account I am, therefore, not in favour of appointing junior Health Inspectors in place of senior Health Inspectors in major Municipalities

resolved on 3 6 48 that a
Junior Health Inspector with 45-3-90
may be posted for work in the ML
instead of a Senior Health Inspector
with 90-5-120 This move is with
a view to economise expenditure
of the municipality, as a Chief Officer
of first grade is also appointed to

the Municipality

19 The Director of Public Health
who was consulted in the matter has
raised a general question.

20) According to the G.O. dated 20/5/56
it is incumbent that municipalities
with an income of ^{over} Rs 10,000/- should
employ the services of Sanitary
Health Inspectors based on this G.O.
The D.P.R. states that this is in
favor of the proposal of the Tarikere

Township being approved

vide para 21) He has also pointed out that, if this
proposal is accepted, there would be difficulty
to keep up the ratio of the number of
Sanitary Health Inspectors and their administration
it will not be possible to find places for
the Sanitary Health Inspectors & that all local
bodies might ask for similar provision
to be made in order to reduce the expenditure
He also refers to the provisions of sec
128 (4) of the Mysore Public Health
Act 1944 that every body shall

166 a/m

the income not less than 3% of
 the income from taxes other than land
 tax for expenditure on the advancement of
 public health in its local area
 including expenditure in medical relief

2a) Dairhara is a small village near to the
 census of 1941. Its population is 8058
 It is 11 kms above 10000 m. The
 conditions at this village are semi-mountainous
 The income of the village is also sufficiently
 high, being about Rs 75000 for 1948-49

3) Having regard to the above facts, it
 is for consideration of the opinion
 of the Dr of P.H. that the proposal of
 the Dairhara San. Bd. to have a
 Junior Health Inspector instead of the
 Senior Health Inspector may not
 be approved

It is true that there
 is increase in the cost of this unit to
 the revision of the scale of pay. But this
 is so in the case of all the units in the
 State & not peculiar to Dairhara alone

Adverting to your letter No L ³⁴¹1478 dated 12-8-1948, I have the hono
to state that the Town Municipal Council, Tarikere have resolved on
3-6-1948 to appoint a Junior Health Inspector instead of a Senior Health
Inspector from 1-7-1948. The Director of Public Health in Mysore,
Bangalore, who was requested kindly to post a Junior Health Inspector as
resolved by the Council, has stated, in his letter No CE4-2624/47-48
dated 14-8-48, that according to Government order No L 8891-8902/M1
199-35-5 dated 20th May 1936, the Municipalities with an annual income
of over Rs 10,000/- are expected to employ only Senior Health Inspectors
for
A copy of his letter is enclosed herewith ~~of~~ kind reference

The Town Municipal Council, Tarikere have further resolved on
4-7-1948 that the Government may be requested to permit the Municipality
to appoint a Junior Inspector in view of the fact that the financial
position of the Municipality is not up to the mark and in view of the
fact that a 1st grade Chief Officer has been posted to the Municipality
by the Government. It therefore appears to be reasonable that the
Municipality may be given the option to appoint a Junior Health Inspector
in accordance with the resources of the Municipality. The copies of the
resolutions dated 3-6-1948 and 4-7-1948 are also enclosed herewith
for kind perusal of Government.

In the above circumstances, I request you kindly to obtain the kind
sanction of Government to the proposal made by the Town Municipal
Council, Tarikere. The Director of Public Health in Mysore, Bangalore may
kindly be requested to arrange for the necessary postings.

I have the honour to be

Regarding Creation of a Senior Sanitary Inspector's post at Kadur and a Junior Sanitary Inspector's place at Tarikere instead of Junior and Senior Sanitary Inspectors respectively

~~~~~

With reference to your letter No A3-P R 408 dated 6-5-1948 forwarding a copy of your letter of even number and date addressed to the Secretary to Government, Revenue Department on the above subject and requesting to post Sri P M Rudraradhya, Senior Sanitary Inspector from Tarikere to Kadur and the Junior Sanitary Inspector of Kadur to Tarikere as the Town Municipal Council have resolved to employ a Junior Sanitary Inspector in place of Senior Sanitary Inspector now working there etc, I have the honour to state that as per Government Order No L 889-8902M1 190-35-5 dated 20-5-1936 Municipalities with an annual income of over Rs 10000/- are expected to employ only Senior Sanitary Inspectors

Under the circumstances, I regret to inform you that it would not be possible to post a Junior Sanitary Inspector to Tarikere Town. A Senior Sanitary Inspector will be posted to Kadur Town as soon as the approval of Government for the posting of a Senior Sanitary Inspector is communicated to this Office
